**Pet Food
Distributed:
59,417 lbs**

**196 families received
pet food monthly**

**606 total households
received pet food**

Pet Food Bank Helps Feed the Need

Julie uses our Pet Food Bank to help feed her animals, one of which she rescued from being nearly frozen outside.

The Humane Ohio Pet Food Bank serves as a resource for pet parents in need of assistance due to difficult financial times. The goal of this program is to keep pets in their homes and out of overcrowded shelters. We do this by offering clients supplemental dog and cat food on a monthly basis.

2017 by the numbers:

59,417 pounds of food were distributed to 606 clients in 2017.

An average of 11 new clients sign up for the program each month.

In order to help feed so many animals, the Pet Food Bank relies on donations from local pet stores and support from the community including food drives through area schools, community groups and private businesses. Our supporters always come through!

We did a record number of spay/neuter surgeries this year!

On December 6, 2017, Bubba the sweet Boxer puppy became the 15,577th animal fixed at Humane Ohio in 2017, breaking our record for number of surgeries in one year!

Audited financial figures for 2016

Total Revenue:
\$1,027,424

Total Expenses:
\$974,433

Humane Ohio fixed 4,458 outdoor cats in 2017 and provided advice on trapping, hands on assistance with trapping and transport in target areas, loaned out live traps for catching stray cats to be fixed, and provided over 100 cat shelters to help stray cats stay warm this winter.

Thanks to the Petco Foundation we were able to provide 1,000 outdoor cat spay/neuters for only \$10 each!

Adoption Program Debuts

Humane Ohio partners with people throughout the community to reduce the number of stray cats and kittens. Volunteers help trap colonies of cats in need so they can be spayed or neutered. We are able to fix outdoor cats at an affordable cost with the help of donations and grants.

Through this trapping program, we sometimes get friendly strays who, with their caretakers' blessing and the assistance of one of our fabulous foster homes, we are able to place into our adoption program and, ultimately, a loving indoor home. One of these kitties was Chip, pictured left with his adopter, who happens to be our Development & Marketing Coordinator, Kaylie! He was living outside with his littermates, but had an untreated eye infection that caused his eyeball to rupture. Our veterinarians were able to remove that eye and he is now pain free and living a happy life!

Kaylie and her new addition, Chip, who received a much needed eye surgery when he was neutered at Humane Ohio.

Guardian, pictured right with his new family, was one of over 230 cats adopted from our Humane Ohio cat adoption program this year!
